Re: New Hampshire Health Plan - Year 2018 Assessment Level

Dear Commissioner Sevigny:

I am writing on behalf of the New Hampshire Health Plan (“NHHP”) board of directors (“Board”), pursuant to RSA 404-G:5, III. and RSA 404-G:5-a, IV. This request is for your approval to set NHHP’s assessments at **\$2.25** per covered life per month for calendar year 2018.

The Board voted unanimously to set the assessments at this level, subject to your approval, at its October 5, 2017 meeting. The Board did not change the policy to waive the collection of any assessment (i.e. set the assessment at zero dollars) for any carrier whose total assessment, otherwise calculated, would result in a remittance of less than \$10 in any given calendar quarter.

The assessment was established in accordance with the process described in the Amended and Restated Plan of Operation and Termination of NHHP. The information used to calculate the assessment was based on the August 11, 2017 letter from DHHS Commissioner Jeffrey Meyers as well as the letter from Deputy Commissioner Alexander Feldvebel, dated September 14, 2017, revising the estimated Premium Tax transfer amount for 2018.

Your representative on the Board, Mr. David Sky, is fully aware of the background of this assessment recommendation.

In order for NHHP to be able to mail 2018 Assessment notices to carriers by November 1, we would ask you to advise us as to the acceptability of this recommendation at your earliest convenience. If you approve the recommended 2018 assessment level, kindly sign below and return the duplicate copy of this letter. We will then notify the carriers.
