The Honorable Christopher R. Nicolopoulos  
Commissioner of Insurance  
New Hampshire Insurance Department  
21 S. Fruit Street, Suite 14  
Concord, NH 03301-2430

Re: Section 1332 Waiver 2023 Reinsurance Parameters

Dear Commissioner Nicolopoulos:

At the New Hampshire Health Plan (NHHP) board meeting on Wednesday March 16, 2022, the proposed reinsurance parameters for the 2023 benefit year were presented by NHHP management and Leif Associates of Denver CO, the NHHP actuary.

NHHP management worked with representatives of the three carriers who will participate in the reinsurance program in the development of these parameters.

The proposed parameters have a specific attachment point of \$60,000 and an annual maximum aggregate claim cap of \$400,000 per covered individual. The target reinsurance percentage is 58%. The NHHP Board voted unanimously to approve these 2023 reinsurance parameters and directed me to forward them to you for your approval.

Your representative on the NHHP Board, Mr. David Sky, is fully aware of and participated in the development of these parameters.

Very truly yours,

NEW HAMPSHIRE HEALTH PLAN

By:  J. Michael  
Degan, Executive Director

Enclosure:

cc: David Sky

APPROVAL OF INSURANCE COMMISSIONER:
